

I planned on issuing this new list around January 1, but it took longer than expected to process, so you should have this before the February 19 start of the Lunar New Year; thus the title. In addition to the new finds, because it proved so popular with our used U.S. List, once again I went through previously unsold lots and reduced the prices.

In addition, if there are items that you seek that are not on this list, please send me your want list and I will see what I can do for you—with no obligation on your part.
