Bobby Prager

Bobby Prager has carefully assisted thousands of discriminating philatelists in forming some of the most outstanding stamp collections in the world. The key to his reputation as one of America's most respected stamp consultants is the caring personal relationships he has with our many clients.

"Of all the dealers I have encountered you two are clearly the most professional. I know that when I buy from you the material is legitimate and the quality as advertised."

Lawrence Eagleburger
Former U.S. Secy. of State

If you're selling...

Our buying success is based on our very fundamental philosophy: We'd rather pay a more than fair price for 9 out of 10 collections offered to us, rather than offering a low price and hoping to make a big score and only purchasing 1 out of 10. That's why our success and reputation have been consistently high and unblemished over the last 30+ years of business.

What's on your mind? Share your questions and thoughts with our Bobby Prager, the respected philatelic consultant who welcomes your phone calls.

And by the way...

"Our vast up to date inventory is now totally on our website. We've re-priced everything to make it easy on the collector's pocketbook. It's a wonderful **"Really User Friendly" site**—It's really easy to find your exact needs, view jumbo images of them—then easily & safely order them. It's different than anything else out there."
